General Terms and Conditions

The Service Contract must be signed prior to boat lifting etc.

Consent shall be obtained from Riverside Drive Marina (2015) Ltd **PRIOR** to spray painting. No dry sanding of vessels unless into collection bag – sanders available for hire. No responsibility will be taken for damage to underwater appendages unless the boatlifter operator has been advised of its position. Payment shall be made prior to relaunch. Prices are subject to change without notice. Power and water to site. Waterblasting will be carried out over the silt trap area only. All persons will comply with the Health & Safety and Employment Act and the Resource Management Act. Please use on shore toilets (is illegal to use onboard facilities without using holding tanks). Please turn over for the Boatyard Rules. **All prices above exclude GST.**

Boatyard Management Rules

All boat owners must inform the Marina Office if there is any possibility, before their boat is lifted out, of the presence of **MEDITERRANEAN FANWORM** on their hull. This also includes if they are under a Notice of Direction from the Northland Regional Council. Failure to do so may result in a fine or prosecution by the Northland Regional Council.

1. We must take all practical steps to ensure that all wastes generated during boat maintenance activities are captured, contained and disposed of appropriately.
2. Appropriate control measures must be taken to ensure activities such as sanding, scraping and painting do not pollute the land, sea or air with particles, dust or fumes.
3. Wet sanding of antifoul paint can only be undertaken in the slings of the Travel lift over the concrete catchment area of the Travel lift bay.
4. Removal of bottom paint by scraping must be carried out over a drop cloth or tarpaulin with the boat "tented up" by hanging drop cloths from the sides to eliminate windblown dust.
5. Vacuum sanding systems must be used to collect sanding dust as it is created. Dust should not be allowed to become wind-borne or otherwise leave the work site.
6. Due to environmental considerations and noise restrictions abrasive blasting including sand and grit blasting is not permitted on this boatyard.
7. All spray painting activities on the boat yard must be authorized by Marina staff and can only be carried out by contractors authorized by Riverside Drive Marina (2015) Ltd prior to commencement. Precautions must be taken including adequate drop sheets to protect adjacent vessels and suitable weather conditions prevailing at the time of spray painting.
8. All materials such as fuels, oils, cleaners and paints must be handled correctly, stored safely and with care to prevent pollution. The Containment of waste oil and other hydrocarbons on the boat yard is essential. Use large drip trays and oil absorbent pads to contain and control any spills.
9. Removal or offloading significant quantities of hazardous liquids such as onboard fuel shall only be carried out by an approved contractor. Storage of hazardous liquid wastes without secondary containment on the work site is prohibited.
10. Riverside Drive Marina (2015) Ltd has an Emergency Spill Response Plan and equipment to clean up spills on site. In the event of a spill please contact the Marina immediately for assistance.
11. Account is payable before launching or removal of vessel from yard or marina. We reserve the right to charge interest at 2.5% per month and to charge a late payment penalty of 10% on any overdue accounts. If the account is not paid within 30 days after the due date, our debt recovery agency may charge you a fee of 25% of the unpaid portion of the price, but not less than \$35.00. Where the total agency, legal and other costs arising from the recovery of any amount owing exceeds the debt recovery fee charged, our agent is also entitled to recover such additional costs from you. The service provider reserves the right to recover all cost incurred by it, legal or otherwise from the client should the client fail to pay the agreed rate as required by this agreement and subject to the terms and conditions of this agreement.

Failure to comply with these rules and the Resource Management Act 1991 may result in a fine or prosecution by the Northland Regional Council.
